# HOW IT WORKS

## Here's how to get started with your Christmas **FUN-DRAISER!**

- 1** Register your fundraiser with Rhéo Thompson by completing the application form at [rheothompson.com/fundraising](https://rheothompson.com/fundraising). Include your organization name and the date you plan to place your final order. We'll confirm your expected pick-up date\* and provide you with all the support materials you'll need to get going.  
**Registration will remain open while spaces are available. Register early to avoid missing out.**
- 2** Set **YOUR pricing!** We provide the SRPs (suggested retail pricing to achieve 35% profits) to let you know how to achieve your goals, but ultimately, it is up to you and your organization to finalize your own prices. We provide two versions of the **Sales Form** and the **Product Catalogue** - one populated with SRP pricing and a second that is blank for optional pricing. Please use whichever you would like.
- 3** Set your sales period - all orders are due by **November 1, 2025** at the latest BUT you can submit yours sooner at your convenience. Keep in mind it can take up to two weeks to make and pack your order so plan accordingly.
- 4** Start selling! Provide your **fundraising team** with your Sales Form and Product Catalogue. You can then invite your **supporters** to browse your catalogue and place their orders by completing the fillable Sales Forms and returning them to you.
- 5** Submit your order! The individual Sales Forms from your team are for YOUR records. As the organizer, you will need to complete the **Sales Summary Form** and email your final numbers to [info@rheothompson.com](mailto:info@rheothompson.com) no later than November 1, 2025 to meet the order deadline.

# FUNDRAISING AGREEMENT

By choosing Rhéo Thompson Candies as your fundraising partner, you agree to the following.

- 1** Agree that these products are only to be used/sold in a fundraising capacity for a not-for-profit organization or initiative. Commercial resale of these products is prohibited.
- 2** Agree to perform a product count BEFORE dividing your items into individual orders within 5 days of the date of pickup. If there is an issue with your order, it must be reported to Rhéo's within those 5 days. Replacement product may not be available after this time.
- 3** Agree to provide appropriate care for the product whilst it is in your care.

## Temperatures

Chocolate doesn't like extreme temperatures, so store in lower temperatures and an area with low humidity (not the fridge or garage!) It is also important to keep your chocolate in areas that are clean (see why below in Aroma).

## Aroma

Chocolate is very porous, which means strong scents and other flavours are likely to be absorbed by it. Keep chocolate away from herbs, spices, garlic, meats, perfumes, air fresheners, candles and other strongly scented products. As well, keep out of garages or basements as these areas can sometimes have a musty smell. This way your chocolate won't end up tasting or smelling like something it shouldn't.

## Bloom

Have you ever seen that white "film" on chocolate? That's bloom. This naturally happens when there is a fluctuation in temperature, the cocoa butter comes to the surface of the chocolate. Be assured, is still safe for consumption.

**The individual responsible for picking up your order will be asked to initial a Fundraising Agreement before pickup acknowledging that these care terms will be taken during your fundraiser. Thank you for taking on the responsibility of delivering the same quality of chocolates to your customers that we deliver to you.**
